Welcome to your new online class! We're glad you're here, and we want to make sure you have all the skills and support you need to do your best. This quick start guide will give you some information to get you started.

Make sure you're browsing the internet with Chrome or Firefox  

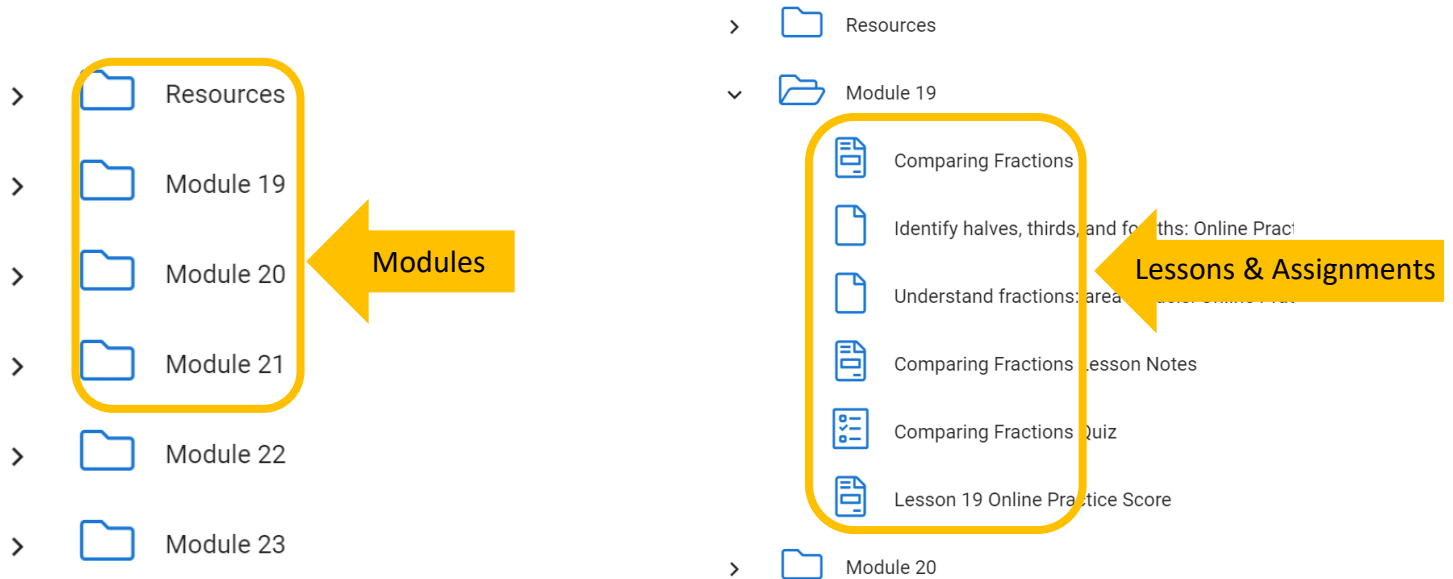

Once you've logged in, you will see your student home page, which is a quick overview of the most important information about your courses. It's divided into several parts:

1. Main Menu
2. Announcements
3. To-Do
4. Course Cards
5. Activity Stream

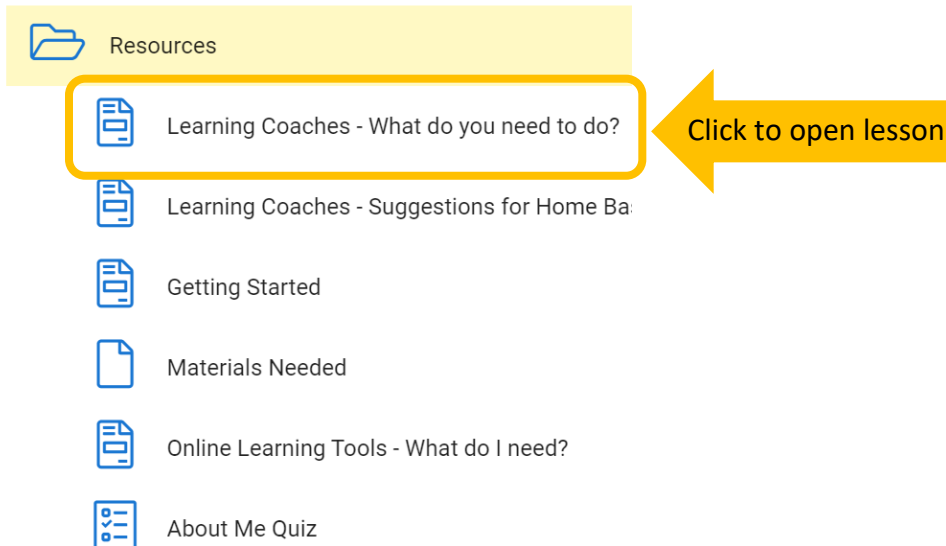

The screenshot shows the 'Student App' interface. At the top, there is a navigation bar with a hamburger menu icon, the text 'Student App', and a user profile icon for 'Cameron Auchey'. Below the navigation bar are three tabs: '1 COURSES', '3 TO-DO LIST', and '5 ACTIVITY STREAM'. The main content area displays three course cards, each with a large number and an illustration. The first card is for 'Language Arts 3 B - AE 19-20 (AUCHEY)' with a large red 'A' and a green apple. The second card is for 'Math 3 B - AE 19-20 (AUCHEY)' with a large blue '6' and various math symbols. The third card is for 'Science 3 B - AE 19-20 (AUCHEY)' with a large blue '3' and an illustration of a boy with a magnifying glass. Each card includes the course title, the teacher's name '(AUCHEY)', the dates '3/18/20 - 6/30/20', and a progress bar with 'Current score' and 'Progress' labels. A yellow box highlights the three course cards, and a yellow number '4' is placed to the left of the box.

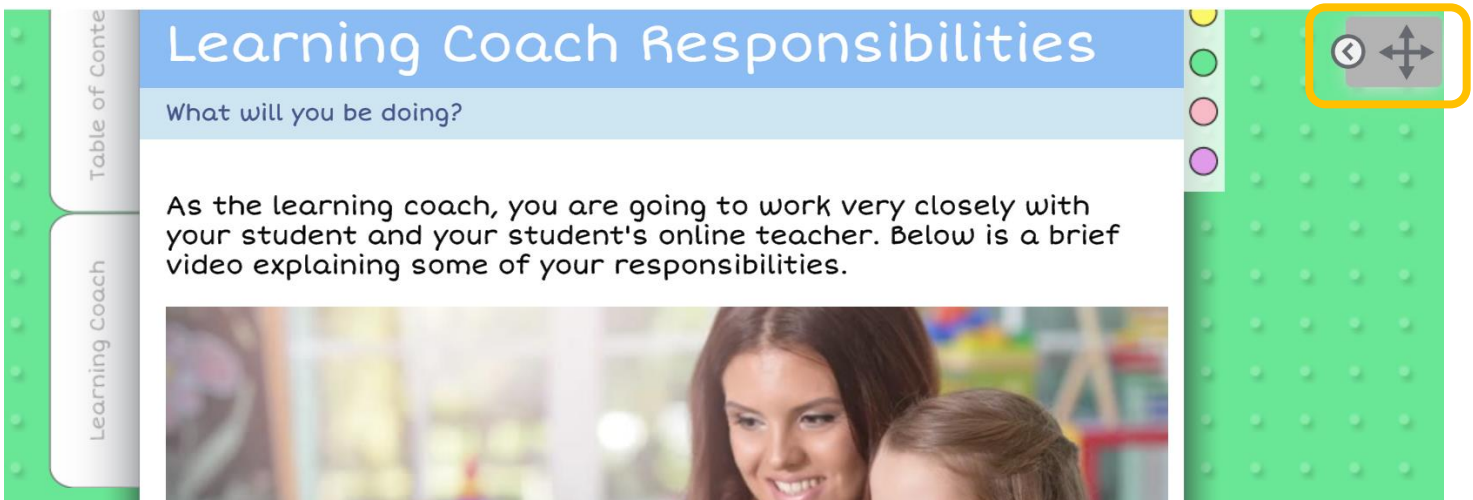

Click on your course card to get started.

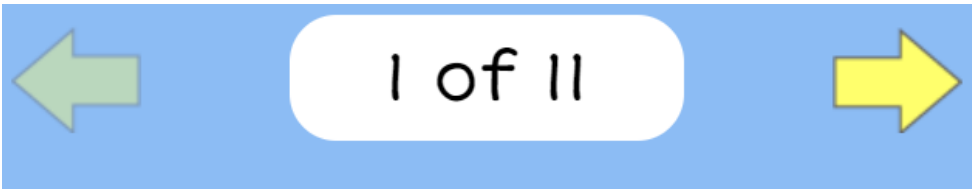

Complete modules/lessons in order.
Together with your guardian go through Resources module to learn how to get started.

Open tool bar for text to speech options

Read through lesson and complete videos and activities throughout.

Use arrows to click through lesson pages.

Click “Mark Activity Complete” when finished with your lesson and then click “Next Activity” to go to the next lesson.

MARK THIS ACTIVITY COMPLETE

NEXT ACTIVITY >

When you see these buttons, you can click to open activities. You may print these or they may have been provided to you in a workbook or print out from your school.

Your teachers will communicate with you on submitting your assignments and meeting with them.
