

Getting to know **BRANDY BORTAK**

I love to inspire children by having them see the true beauty and confidence that already exists within them. I feel my most important role is to show kindness and make others feel loved!

I am very excited to join the YES Family as your new School Counselor, and I look forward to meeting all of you and the families of Youth Elementary. I have been in education for 18 years with GCPS. I earned my undergraduate degree in Education from the University of Alabama and began my career in the classroom as a third grade teacher. I later completed my Masters at UGA in school counseling. I have loved being an elementary school counselor for the past 12 years. I am excited about the new adventures that await me in Walton County Schools, and I look forward to learning from all of you.
