

COVID-19 DECISION GUIDE | 2020

SUBJECT TO CHANGE BASED ON DPH GUIDELINES | REVISED 12/4/2020

Communication

In an effort to remain transparent in our communication regarding COVID-19, parents will be contacted via phone if their child has what the Georgia Department of Public Health defines as a "known exposure" to someone who tests positive for COVID-19. Each school will provide additional guidance and action steps based on DPH guidelines for those students and staff at that time.
