

Move on When Ready (MOWR)

Earn college credits
while still in high school

Loganville High School
2017-18

Move on When Ready

- ▶ Students in 9th – 12th grade can receive high school AND college credits for the classes taken on college campuses
- ▶ The State of Georgia covers **ALL** costs (tuition, books, fees)
- ▶ Cost to the parent – **NOTHING!!**
 - May have to purchase supplies/equipment (ex: culinary arts supplies or art supplies) for a specific course
- ▶ Open to all students based on college acceptance
- ▶ Maintain all HOPE eligible hours after graduation
- ▶ 10 points added to grade for rigor reward (same as in AP courses)
- ▶ Students are required to take any applicable EOC tests. This test will count 20% of the student's high school grade in the course.

Benefits of Participating in MOWR

- ▶ Introduces students to college-level coursework.
- ▶ Earning college credits while still in high school may enable students to possibly earn an associate degree, diploma or certificate.
- ▶ Helps students adjust to certain aspects of the college experience (e.g., classes, coursework, instruction, being on a college campus) so the transition from high school to college may be easier.
- ▶ Students who participate in a dual enrollment program are more likely to go to college and get a college degree.
- ▶ Students may be able to take classes that are not offered at their high school, especially in subject areas they are interested in for a potential career.
- ▶ Participating in a dual enrollment program demonstrates a student's ability to handle more difficult coursework which is something college admissions officers may look upon favorably during admissions and recruiting.
- ▶ Taking college-level classes while still in high school may build confidence and encourage those students who may not be thinking about college to reconsider.
