

## **2019-20 Student Code of Conduct**

The Walton County Board of Education is committed to providing a safe, orderly and productive learning environment for all students. Student behavior is based on respect and consideration for the rights of others. Students are expected to conduct themselves at all times in a manner that will contribute to the school district's mission to ensure that all students learn. Students are expected to:

- **Participate fully in the learning process** – students should report to school and class on time, attend all regularly scheduled classes, remain in class until excused or dismissed, pay attention to instruction, complete assignments to the best of their ability, and ask for help when needed.
- **Avoid behavior that impairs their own or other student's educational achievement** – students should know and avoid the behaviors prohibited by the student code of conduct, take care of their books and other instructional materials and cooperate with others.
- **Show respect for the knowledge and authority of teachers, administrators, and other school personnel** – students must obey directions, use acceptable and courteous language, avoid being rude or disrespectful and follow school rules and procedures.
- **Recognize and respect the rights of others** – all students should show concern for and encouragement of the educational achievements and efforts of others.

Violations of the Student Code of Conduct are grouped into three levels (Level I, Level II, and Level III). Before determining the level of a violation, the principal or assigned administrator will review the facts and consult with individuals necessary to make this determination. Once the level of the violation has been determined, appropriate disciplinary procedures will be implemented.

For minor classroom disruptions, the teacher will take appropriate in-class disciplinary action and, where appropriate, will contact the student's parent(s) or guardians(s). If the student's behavior does not improve, or the disruption is severe, or when local Board of Education policy or state or federal law has been violated, a referral will be made to the principal or assigned administrator. Misbehavior on the bus may be treated in the same manner as misbehavior in the classroom or on school property. Riding the school bus is a privilege, not a right.

Administrators will follow a progressive discipline process whenever discipline is to be imposed including bus misbehavior. The degree of the discipline to be imposed for any violation, including the first time a student had committed a disciplinary infraction, will be in proportion to the severity of the violation. When considering the discipline to be imposed, administrators will take into account any and all relevant factors to assure that the appropriate degree of discipline is imposed. These factors include: the seriousness of offense, the student's prior disciplinary history as part of the permanent record, the degree of pre-meditation, impulse of self-defense, the student's age, and/or disability, and the student's attitude and willingness to cooperate, and other mitigating or aggravating circumstances. The principal or designee has the authority to place a student on an Administrative Probation Contract during a parent/guardian conference as a response to progressive discipline prior to taking the student to a disciplinary hearing. School administrators have discretion as to if and when a student is placed on the contract and what the terms of the contract will be. **Parents of Pre-K students are reminded that their children can be disciplined under the Code of Conduct.** Students who exhibit a pattern of violations of the Code of Conduct not resulting in a disciplinary hearing may be placed on administrative probation by a school level administrator as a means of correcting the student's behavior. In a meeting with the student and parent or guardian, the principal or principal's designee will establish the length and terms of administrative probation which shall be included in a contract signed by the student, parent or guardian and the administrator. Violation of any of the terms of Administrative Probation may result in a disciplinary action, including referral of the student to a disciplinary hearing under code of conduct rule 3.23.

Walton County School District's Student Code of Conduct extends to violations of the Student Code of Conduct which occur (1) on school property; (2) on a school bus or other transportation provided by the School District; (3) at the school bus stop and/or between the school bus stop and home; (4) off school property at a school-related activity or event; (5) while traveling under the supervision of school officials to or from a school-related activity or event; (6) off school property when the student leaves school (or other location where the student is under the supervision of school officials) and commits an act which violates the Student Code of Conduct; and (7) off campus at any time while the student is under the supervision of school officials. Students who engage in off-campus behavior unrelated to a school activity or event may still be subject to disciplinary action if: (1) the student's off-campus conduct could result in the student being charged with an offense which would be a felony if committed by an adult **and** the off-campus conduct either makes the student's continued presence at school a potential danger, or would disrupt the school environment; or (2) the student's off-campus expressive behavior (including, but not limited to, written communication; email; internet posting; social media; texting and/or other forms of communication) which consists of bullying, cyber bullying, threats or harassment) could reasonably be expected (a) to come to the attention of school officials **and** (b) to create a substantial risk to the safety of students, staff or others or create a substantial risk of disruption to the school, any program, or the school environment.

Also students with school parking permits are reminded that they can have their parking privileges revoked as a consequence of misbehavior. Certain offenses will be referred to the school district's Disciplinary Hearing Officer to determine whether the student should be expelled, suspended, or given the option to attend the alternative program. The violations for which referral to the school district's Disciplinary Hearing Officer will be made include offenses listed in Level II which are serious in nature (i.e., offenses resulting in a disciplinary recommendation for long-term suspension, expulsion, or given the option to attend the alternative program) and offenses listed in Level III. Parents will be given the option to waive their right to a student disciplinary hearing and accept the school's recommendation for disciplinary action. Information will be shared in the school level administrative discipline conference concerning the waiver procedure.

Students are reminded that misbehavior at school can negatively affect academic performance. Students are also reminded of restrictions during disciplinary action. Students shall not be allowed to participate in nor attend any school sponsored activities including, but not limited to, school dances, athletics, and marching band and are restricted from attending any school events where Walton County students are guests during the period of time that they are being disciplined through an assignment for out-of-school suspension, alternative program or expulsion. Further, the student may not enter any Walton County School District building or onto property owned and/or operated by the Walton County School District. Additionally, students assigned to ISS - awaiting a disciplinary hearing may not attend programs, events, activities or games. Failure to comply with this restriction will result in the student being arrested for trespassing and could result in expulsion from Walton County School District. Also, returning RYDC students may be placed in the alternative program up to 20 days as a transitional strategy. A placement committee will convene for students coming from a residency assignment to review Walton County School District placement options.

As required by law, teachers and administrators will report to the principal or to his or her designee those students who have committed aggravated assault with a firearm, aggravated battery, sexual offenses, possession of a deadly weapon and commission of drug offenses. Such students will be reported to the superintendent, local police authority and the District Attorney as required by O.C. G.A. § 20-2-1184. (NOTE: Students in grades K-5 are subject to the Student Code of Conduct, and may be referred to the Disciplinary Hearing Officer where appropriate).

Discipline records are a part of a student's confidential educational records and are protected by FERPA guidelines.

**Chain-of-Command**

Constructive criticism of the schools is welcomed by the Board whenever it is motivated by a sincere desire to improve the quality of the educational program or to equip the schools to do their tasks more effectively. Members of the Walton County Board of Education have confidence in the professional staff and desire to support their actions in order that they are free from unnecessary, spiteful, or negative criticism and complaint. This policy does not supersede any employee's or citizen's right to contact Board members directly. However, whenever a complaint is made directly to the Board as a whole or to a Board member as an individual, it will be referred to the administration for study and possible solution. The Board advises the public that the proper channeling of and most effective way to resolve complaints involving instruction, discipline, transportation, or learning materials is as follows:

<b>Discipline</b>	<b>Curriculum</b>	<b>Transportation</b>
Teacher	Teacher	Appropriate Assistant Principal
Appropriate Assistant Principal	Counselor	Principal
Principal	Appropriate Assistant Principal	Transportation Director

**ANY ISSUES OUTSIDE OF THIS CHART ADDRESSED BY PRINCIPAL**  
 (NOTE: Coach; Athletic Director; Principal)

The Board will consider hearing citizen complaints when they cannot be resolved by the administration. Matters referred to the Board must be in writing, must include address, contact phone numbers, signature of the complainant, and should be specific in terms of the action desired. After reading such complaints, and if more information which might challenge or question the good name or character of an individual is needed, the Board shall consider this in Executive Session. The Board will not consider or act on complaints that have not been explored at the appropriate administrative level or if the appropriate chain of command has not been attempted.
