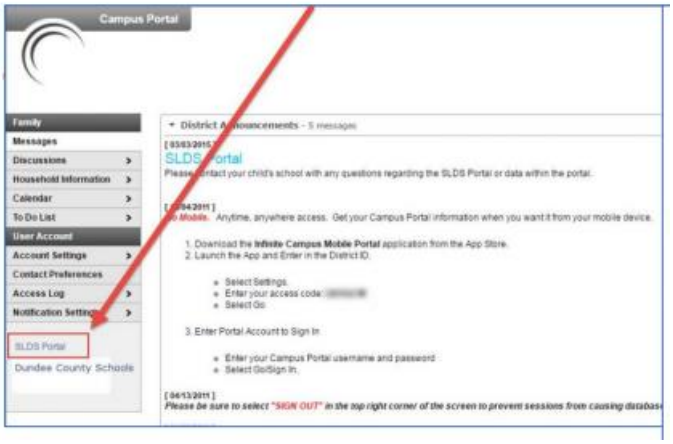
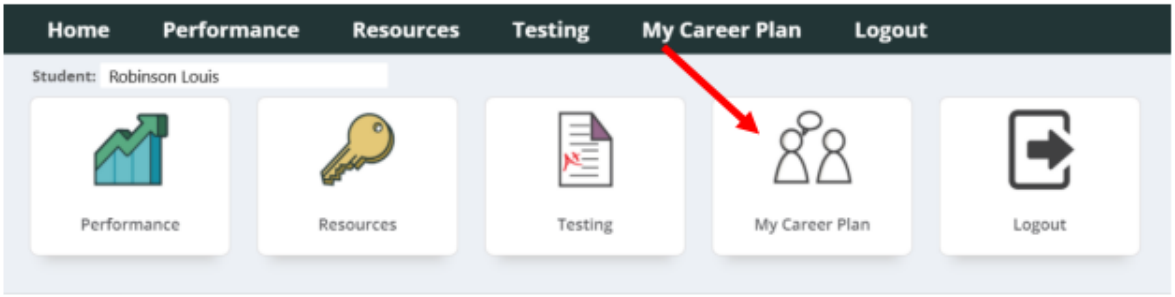
Log in to SLDS

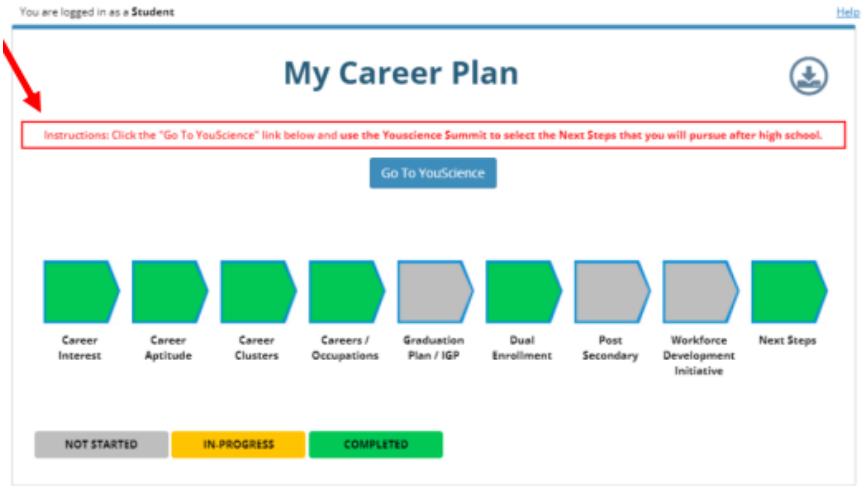


Click on “My Career Plan”



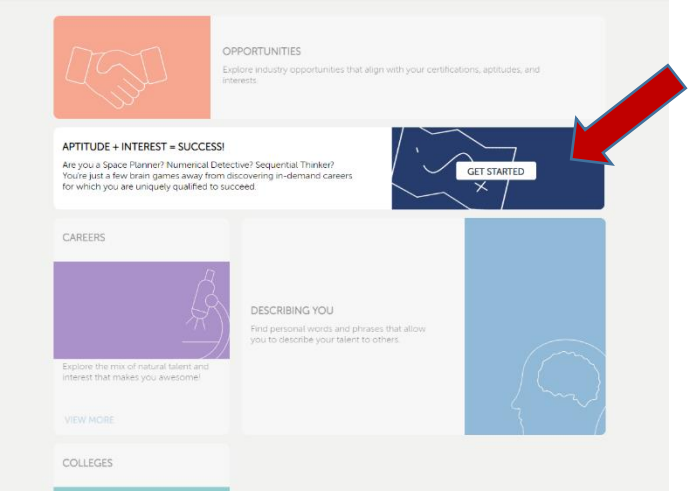
When “My Career Plan” opens, it displays the student’s progress in each area. ALL students must complete the “Career Aptitude”. This must be completed before students can move on to their next requirement.

- 9th Grade must save 3 careers (“Career Interests”) to their portfolio
- 10th grade must complete “Dual Enrollment” section
- 11th grade must save 3 “Post Secondary” schools to their portfolio
- 12th grade must complete “Next Steps”

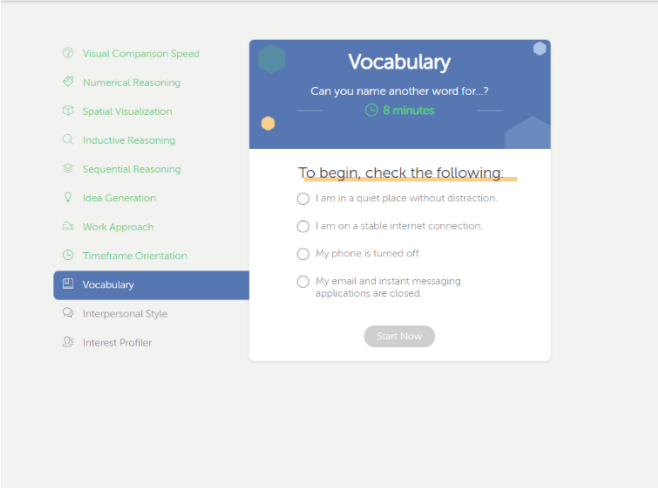


Click on “Career Aptitude”

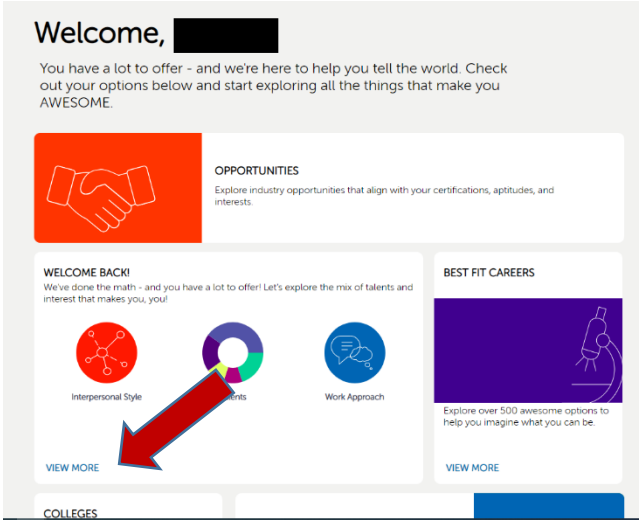
Click on “Get Started”



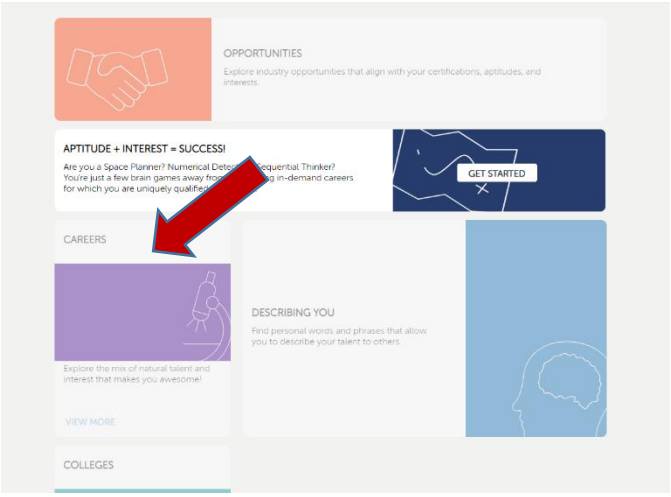
If you have NOT yet completed the assessments, the list of all assessments will appear. The ones in green are completed. Complete the ones in gray in order to get results.



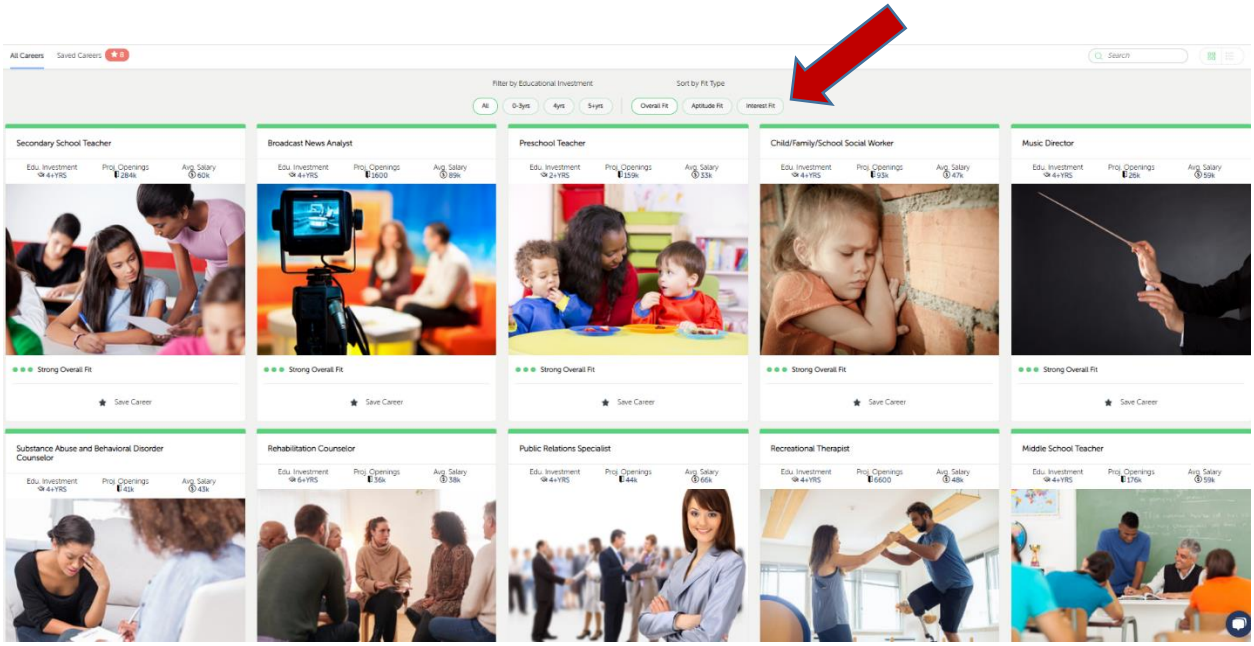
If you HAVE completed all assessments, your results will be displayed. Click on “View More” to get detailed information about your results.



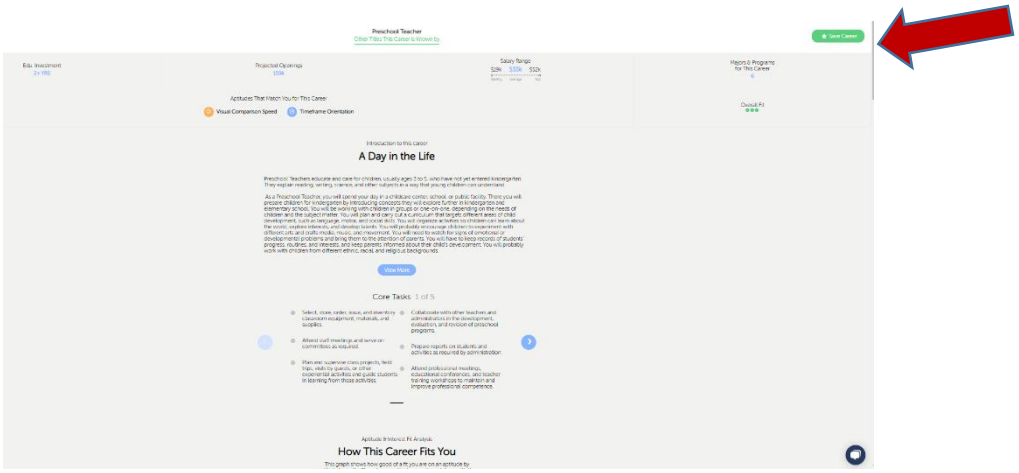
Once the assessments are complete, from the home screen, 9th grade students can click on “Careers”



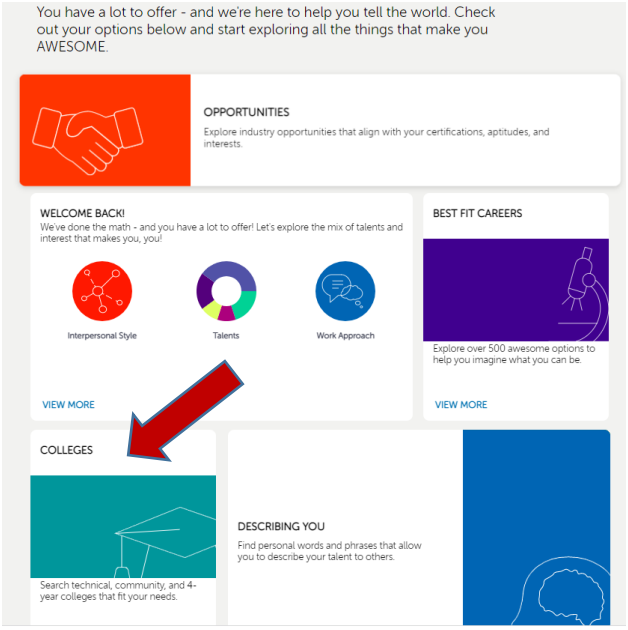
At the top, students can select to search by “Overall Fit”(looks at both aptitude and interst), “Aptitude Fit” (looks at your strengths determined by the assessments) or “Interest Fit” (what you indicated your interests were).



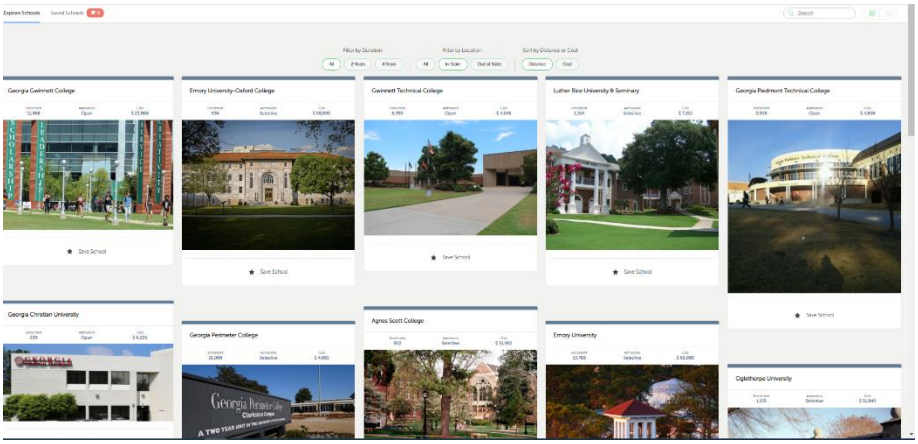
Once you select a career, detailed information including “A Day in the Life”, core tasks, required education, projected openings, salary range (can research by state as well), related careers, and more can be found. Students must click and “Save” at least 3 careers to your portfolio.

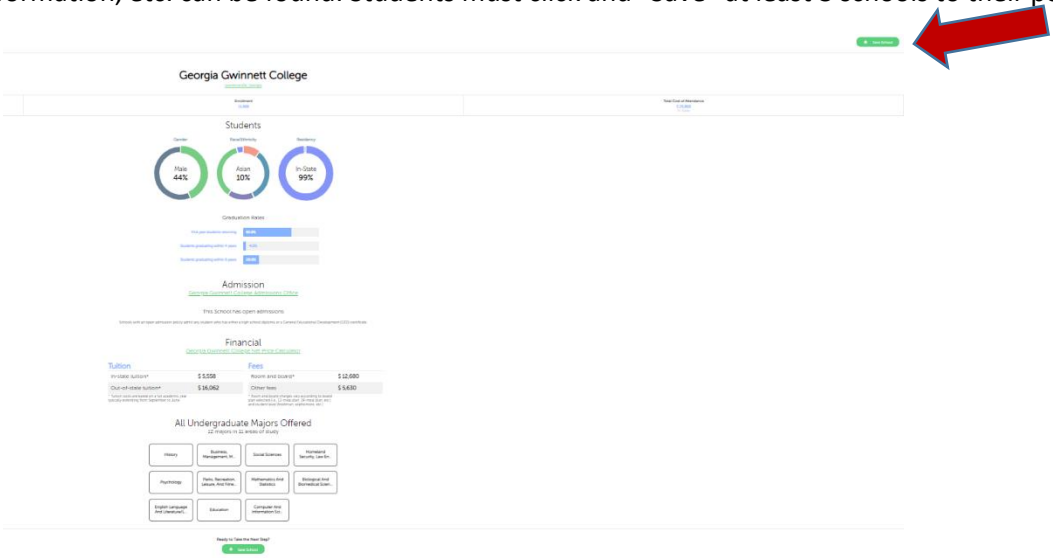


Once the assessments are complete, from the home screen, 11th grade students can click on “Colleges”



At the top, students can select various filters to narrow their results (location, distance, cost, duration)





Once a college is selected, detailed information including the enrollment breakdown, graduation rates, majors offered, admissions information, etc. can be found. Students must click and “Save” at least 3 schools to their portfolio.
