

# Walton County School District Elementary Summer Technology Resources

Your child can read on any device, anywhere, and anytime this summer, because Get Georgia Reading partner myON has delivered thousands of free books to your computer, tablet, and mobile devices. That means our district has a single shared account that provides your child with unlimited access to myON's enhanced digital books, 24 hours a day—every day—through Aug. 31.

**Individualized Learning Plans (ILP)** have been created specific to each student's needs using an internet-based program called Classworks – providing an opportunity to further support your child's academic success while at home this summer. This instruction is individualized, your child will be working on assignments at the level he/she needs.
